## Radiant Amazing World:

*'Tenants Who Are Exploited By Landlords -  
Sometimes We Smile and Laugh Through the Pain'*

We are offering \$10 for each non-fiction description about tenants who experienced unethical or illegal treatment by their official or unofficial landlord. A lease is not required.

Your non-fiction, uncensored description can be in one or more of the following forms: video, audio, original uplifting music, uplifting artwork, poetry, humorous (sometimes you must laugh through the anguish) or non-fiction written stories, photographs or a portfolio combination of any of the these types of descriptions.

All material that we accept to publish will be displayed in exhibits worldwide, published in a booklet, CD, DVD as well as broadcast on Mondays and Friday nights at 11:59pm on TCTV Channel 22 on an uncensored Film Series called: 'The Art of Having Fun.'

We only accept descriptions about incidents that took place within the last 2 years because it is our hope to provide free mediation services, free emergency and housing repair services, referrals to free (pro bono) legal help and maybe even new homes for tenants in emergency situations. Everyone is welcome and encouraged to keep their identity private.

All Donations to this project are eligible for a 501(c)3 Tax Deductible Receipt.

We always need volunteers! Volunteers are Superheroes! Join us. Interns are eligible for college credit. We are also looking for feminist groups worldwide who desire to exhibit the finished work as fundraisers for your group.

As tenants and artists, our housing crisis stories are ignored by mainstream media and we have few real, legal or housing options. Together, we have a voice and we have a choice!
